Dear Sir

I am bringing to your attention the scientifically
established fact that the rollout of 5G technology is an
indictable offense under domestic and international laws,
and a crime against humanity and the environment.

Your involvement in the deployment, deception,
misinformation and cover-up in the wider community and
continued support for this crime have been noted. Any
further support of this indictable offense provided by
you once you have been informed by this letter will
demonstrate your real intent in regard to this crime.
To mitigate your involvement, we demand that you cease
and desist from your role in the rollout of 5G, so that
the main architects of this criminal enterprise can be
held accountable, while those who have been coerced into
involvement can be seen to have acted in less serious
roles.

The Accessories and Abettors act 1861 as amended by the
Criminal Law Act 1977 covers all those who can be shown
to have known of this human rights crime yet who have not
acted in accordance with the law.

Yours sincerely
